

## HAUNTED ESCAPE ROOM

Every year Club 45 puts together a haunted house for our WACC community. This year they've chosen to create a haunted escape room with three different rooms; Bloody Mary, Circus, & an Asylum. They've been working hard all week to make their original ideas into reality! With "tour guides" helping our kids through the escape room they can choose the scary version or non scary version. We're not trying to give anyone nightmares! We're just excited that we get to help create memories to last a lifetime!!!
